That Council staff investigate the costs involved in purchasing and relocating the screen and projector/sound equipment from the current site of the Westview Drive In Dubbo, to a location to be agreed on in Narromine.

That Council staff investigate the possibility and feasibility of providing public toilets in Dundas Park, Narromine.

Reason – to provide amenities closer to the play equipment.

3. AERODROME USERS COMMITTEE

That Council reinstate the Narromine Aerodrome Users Committee as a section 355 Committee of Council to provide recommendations to Council on issues that affect the strategic direction and management of the Narromine Aerodrome.

Reason - The Narromine Skypark has increased in size since the Narromine Aerodrome Users Committee was disbanded. The Narromine Aerodrome attracts many visitors, and injects a lot of money into our local economy. It is paramount that all users are encouraged to work together, being part of one committee for the benefit of various businesses and Council as the owner of the asset.
